

Following the latest advice on social distancing and protecting the public we are very sad to announce that as of Saturday 21st March St Barbe Museum and Art Gallery will be closed until further notice as a precautionary measure.

The health and safety of our visitors, volunteers and staff is our top priority, which is why we have made the difficult decision to close.

All exhibitions, events and activities have been postponed; we will reschedule over the coming months. Please keep checking the website for updates: [**www.stbarbe-museum.org.uk**](http://www.stbarbe-museum.org.uk)

We will remain active behind closed doors. Staff will continue to work researching and caring for our collections, improving documentation, reorganising our off-site storage and working on new and exciting exhibitions. We will continue to monitor our building and collections during this closure period.

These uncertain times are tough for us all, and there is no doubt that arts and heritage organisations will be hit hard in the coming months. St Barbe is a charity and this is a very testing time for us, we increasingly rely on the philanthropy of our supporters to continue our work. If you can spare some change to help us, then please consider donating online.

Take care, we look forward to welcoming you back as soon as we can.

Thank You
