

## Who we are

Our collections relate to the area between the Solent Coast and the New Forest and offer insights into local and national history. The museum also holds significant collections about many of the surrounding villages and large estates. The collections and the stories that they tell reflect many aspects of life in the area, from prehistory to the present day including home life, industry, shops, trades, farming, leisure, sport, war, holidays and the local environment. One of the most recent acquisitions is the Boldre Hoard, a collection of more than 1600 third century Roman coins, unearthed in a field near Lymington.

To enhance our educational work with schools, pre-schools and families, we often use objects for handling, and are keen to acquire more.

# 2018/19

# MC2 Club Membership

**MY Museum Children Club (MC2)** is a project designed by St Barbe Museum and Art Gallery specifically to inspire children to be involved in the cultural shaping of our community. Using the museum as a platform, child-friendly talks are hosted in the museum on the third Sunday of every month from 11.00am-12.00pm.

The topic of the talks and speakers are chosen for the variety of different themes they cover, for their charisma, and for the passion that distinguishes the presenters in their area of expertise. In combining all these elements, we hope to present new and inspiring role models, outside the family environment.

**Please note that booking is essential, and places are limited.**
